Ideal Standard has been creating beautiful accessible bathrooms for many years and our expertise in this area is second to none.

Introducing Concept Freedom, a new range of exquisite, high quality bathroom products created to enhance the user's experience through both effective and functional design. The simplicity of use enables every user of Freedom to feel both comfortable and safe, in a previously more hazardous environment. With unique product features, Concept Freedom gives a greater level of independence and makes using the bathroom a more enjoyable and relaxing experience.

The stylish nature of each and every product in the range provides care and accessibility for the less able, without substituting quality or design. The range creates a luxurious feel to bathrooms and can be applied throughout many sectors, transforming the typical clinical and sterile environment of care related bathrooms into a beautiful space.

Most of the products in the Concept Freedom range conform to Part M. Meaning it is easy to meet building regulation compliance which requires businesses to take responsible measures so less able people have equal access to all aspects of their premises. The vast product range within the wider Concept portfolio, allows the user to tailor their aesthetic requirements alongside the functionality Freedom offers.

CONCEPT FREEDOM

Accessible yet stylish bathrooms created by experts, for you.

Ideal Standard appreciate the need for both beautiful and functional bathrooms and so have called on experts such as occupational therapists and designer, Robin Levien, to create the best possible solutions for Concept Freedom.

- / 01 / 40cm Concept Cube basin with chrome 60cm grabrails.
- / 02 / 60cm accessible basin with chrome 60cm grabrails.
- / 03 / Wall-hung rimless WC with backrest, chrome 60cm grabrail and chrome hinged grabrail.

DDA*

Our products have been crafted to an exceptionally high standard to meet the requirements of DDA and ensure every environment enables the user to an un-inhibited use of the bathroom.

There are 3 Part M compliant packs that are available from Concept Freedom with a full compliance drawing, giving indication to placement and critical dimensions, to ensure accepted layouts are utilised by specifiers and architects. Please see page 14 for more information.

*DISABILITY DISCRIMINATION ACT

Why Freedom? Assistance where it's needed most

Concept Freedom encompasses the solutions to provide a beautiful yet functional bathroom.

The joy of using Concept Freedom, is that each new addition to the range fits perfectly into the Concept theme allowing you to use as many, or as little accessible products as you require.

01

02

Concept Freedom allows you to plan bathroom space in advance and factor in accessibility at a later date, either by installing care solutions from the start or replacing products as your needs change.

03

Product features such as sensor flow or long-handled brassware, raised height WCs and easy to use showering, create a suite of items perfect for use across both domestic and non-residential environments. The Concept Blue basin mixer features an easy turn lever handle and an internal waterway making it more suitable for drinking water.

Ideal Standard appreciates the various issues facing the less able in the bathroom environment. Fit for purpose products ensure items are kept sanitary, easy to operate, tailored to specific needs and correctly positioned to ensure everyone who uses a Concept Freedom bathroom has an anxiety free experience.

04

- / 01 / Concept Blue basin mixer.
- / 02 / Shower pack including Hewi detachable shower seat.
- / 03 / Concept Cube 40cm handrinse basin with rim mounted Compact Sensorflow fitting.
- / 04 / DDA Compliant controls on the dual thermostatic shower.

HOTELS

Freedom to relax

Vital to a relaxing and enjoyable hotel stay, is the comfort and anxiety-free aspect of a well serviced and suitably installed bathroom. Choose from a selection of carefully considered and thoughtfully designed products to ensure your Hotel en-suites and washrooms comply with the latest in Part M regulations. To make specifying easier, we have put together complete packs of products that provide more accessible bathrooms, three of these have been validated to pass the needs of Part M, ensuring that you can specify accurately in line with planning guidelines.

RESIDENTIAL

Freedom to live

With a wide range of solutions available for all residential environments, Concept Freedom provides greater peace of mind for those wishing to retain freedom of movement. The vast product range within the wider Concept portfolio, allows the user to tailor their aesthetic requirements alongside the functionality Freedom offers.

CARE HOMES

Freedom to move

Carefully produced packs will ensure the highest quality of products suitable for care home environments. This creates confidence for those either utilising the bathroom or for those responsible for the user. Confidence in products that assist with transferring to and from wheelchair to WC or shower seats, sturdy and robust grabrails suitable for movement around the bathroom and ease of use for controls such as brassware, WC cistern flushes and shower kits provide an anxiety free environment for both patient and carer.

Available packs

Find the perfect solution

There are five complete packs available within the Concept Freedom range, each with a variety of products to suit your own specific needs and bathroom space.

To enable you to specify the perfect accessible bathroom for your own individual space, Ideal Standard has developed key packs featuring grouped products to suit a variety of different user needs. These packs fall into 2 types, fully wheelchair accessible bathrooms and a shower room that are Part M approved and packs designed to assist with bathing etc. where Part M isn't mandatory.

GUARANTEE

lifetime

All ceramic products

5 years

on taps and mixers, toilet seats and cistern fittings

Our confidence in the quality and reliability of our product allows us to offer outstanding extended guarantees on all our products – where the product fails within 5/25 years/lifetime we offer a free replacement or replacement part (or nearest equivalent). So when your washroom has been satisfactorily installed and is working well, please ensure you register your guarantee.

This guarantee is transferable – it applies to the product not the purchaser provided the guarantee registration is passed on to the new owner.

Liability is limited to individual products and the guarantee does not cover the consequential loss or damage or installation costs. This guarantee does not affect

your statutory rights. Products must be installed, used and cared for in line with our fixing instructions and local water regulations, and room must be adequately ventilated.

Parts (e.g. flushvalves) are guaranteed for five years and will be replaced if found to be faulty. The guarantee does not cover general wear and tear.

Applies to UK and Republic of Ireland only.

You can register for guarantees on a bathroom bought on your behalf by a plumber or builder.

Colours printed in this book are as near as possible to the manufactured range of Armitage Shanks quality bathrooms.

For accurate comparisons of colours, see actual ware on display at Armitage Shanks retailers. Our policy is one of continuous improvement and we reserve the right to change specification and design at any time without notice.

Products can be subject to tolerances due to manufacturing processes.
